

**Technical Data Sheet**

EASY CLEAN PASTE

High performance detergent soap

Description

EASY CLEAN PASTE is a professional detergent paste based on innovative formulation. EASY CLEAN PASTE thoroughly cleans hands from dirt even if particularly adhesive. EASY CLEAN PASTE is extremely effective to remove oil, grease, paint, resins and adhesive dust. Due to detergent action of specifically developed dispersed polymers provides cleaning and skin protection. EASY CLEAN PASTE is dermatologically tested silicone-free product.

Use / application

Apply a small quantity of EASY CLEAN PASTE on dry hands, rub until the complete removal of dirt, then rinse with lukewarm water until a complete cleanness.
